Remember, temporary sacrifices and discipline lead to long term success.

## CHARACTER and DIRECTION

Dear students, We may appear civilized because we are well educated and well dressed, but the real question is - are we truly cultured? True culture comes from within and is passed down from generation to generation. In the past, we followed the Guru-Shishya tradition, and here at RD, we are trying to revive and nurture that same bond of respect, learning, and values - and you all are an important part of it. **Keep your eyes open, work hard, stay curious, and above all, strive to be a good human being.** From the teachers' side, I will say

only one statement: *If you have an aim, we will show you the path* .- **Chinmay Sir**

**(Senior Teacher)**

## SUCCESS

"Success is not an accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do."

**-Saibalini madam (Senior Teacher)**

## ATTITUDE

"I think it's possible for ordinary people to choose to be extraordinary." "Either you run the day or the day runs you." "When we strive to become better than we are everything around us becomes better too."

**-Bandhan Sir (HOD)**

## OPPORTUNITY

Most people miss great opportunities because of their misperception of time. Don't wait! The time will never be just right.

I, Kiran Sahoo, being a student of RD institute would like to express my heartfelt gratitude for the invaluable role it has played in shaping not just my academic journey but also my character and values. The education that I received at the institute extended far beyond textbooks and classrooms. From instilling the importance of discipline in daily life to nurturing a deep sense of respect for elders, the guidance of the teachers has laid a strong foundation in both my academics and personal growth. Therefore, thank you for being an institution that molds not just minds, but hearts as well.

Ram Darshan Institute is more than just an institution; it is discipline in itself. What sets it apart from other options is its holistic approach to education. The institute's well-structured teaching methods, combined with regular assessments and the guidance of experienced—and, most importantly, empathetic—teachers, leave a profound impact. These teachers address students' challenges without judgment, fostering a supportive environment that significantly influences not only academic preparation but also one's mindset, behavior, and, ultimately, results.

While RD places a strong emphasis on academic performance and high scores, its exceptional focus on spirituality and physical fitness distinguishes it further. This unique combination ensures resilience and effectiveness during challenging times, making it a truly transformative experience for its students.

"RD- The Ram Darshan Institute" is not only an educational institute but also a place that emphasizes on discipline and our culture. Teachers (Dibya sir, Rajib sir and Mamata ma'am) here are extremely caring. Being loved and protected the same way our families do is unusual but we felt it in RD. It taught us being disciplined and punctual. Every mistake of mine was corrected by hook or by crook. The lessons we learnt there will remain with us at every step of our life.
